Please complete this form and return to S&S so your order for special order parts can be processed. This form will ensure that your order will be placed correctly, and the heads produced to your specifications. Items ordered per this form must be paid in full before production. Any specifications other than those listed require a customer supplied drawing or blueprint.

● ● ● **Check the box in each area that describes your specific application:** ● ●

NOTE:

These heads require a 4.600" minimum cylinder bore for valves to fit into cylinders.
