

Retro Kickstart Covers

FLATHEAD POWER® REPRODUCTION COVERS

For 1940 - 1950 Models

These covers are as close to original as you can get without actually stealing one from a factory museum bike! Externally authentic to the smallest detail, yet improved with new technology inside!

Boss imperfections in the casting have been meticulously duplicated to represent the casting capabilities of the era, but that's where we draw the line, these covers are cast in 356-T6 aluminum, and 100% CNC machined to achieve the quality standards S&S is known for.

The inside of the cover is an all new design. Additional material has been added around the kicker boss for strength and stability. A single bushing used for complete oiling. A stealthy modern small diameter seal is hidden after assembly. No more outer dry bearing seizures!

Features & Benefits

- Authentic detailing in cover casting
- Updates and improvements eliminate problems of original covers
- Utilizes your stock hardware and filler plug, gasket included
- Heavy duty kicker boss with single bushing

Transmission Cover Kit – 1948-'50 Big Twins 106-6479-J7

The J7 cover is authentic external for '49 – '50. The J7 cover has a raised cast-on part number that was authentic from 1948 – 1950. The J7 date code stands for October of 1947.

106-6479-J7MSRP \$125.00

Transmission Cover Kit – 1940-'47 Big Twins 106-6479-G6

The G6 cover duplicates the external shape for 1940 – '47. The G6 cover has a stamped in part number just as the original. The G6 date code stands for June of 1946.

106-6479-G6MSRP \$125.00

Transmission Cover Kit – 1940-'86 Big Twins 106-6479-00

The 00 cover has no part number or date code. It was created with the custom application in mind where authenticity isn't a must or polishing or other finish is desired.

106-6479-00MSRP \$125.00
